

The September 9, 2013 Vision Board meeting was held at MaryJo Andrusko's home.

A motion was made by Alden Riley, seconded by MaryJo Andrusko to accept August's minutes. Motion passed.

Discussions were held regarding a handout entitled "Key Assumptions About Connections". The normal way we grew up is not working for the here and now. We have to structure things differently. We have to go outside the doors of Grace Lutheran Church to meet people where they are at rather than waiting for people to walk in our doors. The layout of Grace Lutheran Church impedes fellowship. The only common area we have for fellowship is outside fellowship hall and the narthex. Before we can do any remodeling inside of the church, we need more parking spaces outside of the church.

Revisions were made to the Holy Conversations process. A motion was brought by Dennis Grabowski, seconded by MaryJo Andrusko to approve the revised Holy Conversations process as indicated in the Senior Pastor's Report of September 2013. Motion passed.

Rally Day went well. 662 worshippers attended service. Sunday school has shrunk.
